Anna takes a documentary approach to wedding photography, but still takes the essential formal group shots. Approximately 500 pictures will be taken depending on the style of the wedding. All the albums are crafted to tell the story of the day with an abundance of images presented in mixed sizes, colour and b&w. Anna is using the world's best digital cameras which means you will be able to preview pictures as they are being taken!

All prices above include photographic coverage from the bride's home, through to the speeches and first dance at night, presented in an album. Reasonable travel and accommodation costs will be incurred for weddings at a distance from Edinburgh. Prices are inclusive of VAT.

Anna personally chooses the images, and designs a documentary-style album to capture the emotion and events of the day. Prints may be ordered from website www.annahenly.com, which may show additional images from the wedding.

Small civil ceremonies – midweek only (Monday-Thursday) **£750**
